Subject: Medicaid Case Managers' Meetings

Date: September 8, 2006

The purpose of the Medicaid Case Managers' Meetings is to ensure continuity of care to individuals by establishing and maintaining productive communication between Medicaid providers, case managers, client advocates, outreach workers, and the Medicaid contracted Managed Care Organizations (MCOs).

The next scheduled series of case managers' meetings will be held in five sites around the Commonwealth during the months of October and November. Representatives from the Virginia Department of Health and Virginia Department of Social Services will be providing information on Virginia's Refugee Resettlement Program. We invite you to utilize these meetings as a means to enhance your knowledge about this subject.

Please share this information with other case managers in your organization. Due to limited space we ask that you respond by contacting Pamela Richardson at (804) 692-0270 no later than Monday, September 25, 2006. It is important that you include in your response your name, telephone number, email address, and the number of persons attending. We ask that you respond promptly. Meeting sites receiving a poor response will be cancelled. You will be contacted of meeting cancellations only and offered an alternate meeting site.

Persons needing reasonable accommodations should contact the Department of Medical Assistance Services at least two weeks prior to the meeting. Accommodations will be provided upon request by contacting me by telephone at (804) 225-4789 or email Queen.Green@dmass.virginia.gov.

Attached is the meeting schedule and directions to all five locations. We look forward to seeing you.
